About us...

Millhouse is the UK's leading manufacturer of early years furniture with quality, craftsmanship and safety at the heart of everything we do.

We have a proven track record in designing, manufacturing and supplying educational furniture and toys, here in the UK, for over forty years.

Every detail is designed with children in mind and our furniture is hand-finished by our expert team, who add that little touch of love.

We offer a coordinated and comprehensive range from 6 months+ to age 5, and pride ourselves on making early years furniture that is not only height-appropriate but appropriate for different development stages too.

Collaboration with childcare professionals and practitioners means that we understand the needs of the early years sector, as well as current approaches to learning. That insight and knowledge is reflected in our furniture and innovative product features, which add versatility and value.

Key Features...

UK Made

Millhouse furniture is expertly crafted in the UK by our skilled team in an accredited ISO 9001 and ISO 14001 environment. Constructed from the finest materials, our products conform to UK and EU safety standards (where applicable). Hand-finishing provides smooth, soft-touch surfaces.

Fully Assembled Furniture

The vast majority of our furniture products are delivered fully assembled to save you hassle and time. Products that cannot be delivered fully assembled, require simple self-assembly, using one of the Allen keys provided.

Easy Access

All items in the range are designed to be easily accessible by children, to create an enabling environment.

Lifetime Guarantee

Our products are designed for use in a commercial environment. By combining traditional woodworking with modern fixings, our furniture is engineered to last, that's why almost all of our furniture comes with a lifetime guarantee. (Excludes baskets, tubs, trays and other consumable items).

Flexibility

There is no complicated or expensive method of joining our furniture, units simply butt together, providing the flexibility to quickly and easily reconfigure rooms and create safe free-flow environments.

Easy Cleaning

At Millhouse we use premium grade maple melamine for the majority of our products. This provides a hard-wearing, scratch-resistant and easy-clean surface. We also apply a water-based lacquer to seal and protect the furniture from water ingress.

Areas of Learning

Our furniture solutions are designed to help you create functional, flexible and enabling environments that support the EYFS Areas of Learning. To make it easy to match and identify Millhouse products for each of the Areas of Learning, we have provided a handy online guide.

Home from Home Range

The Millhouse Home from Home range is designed to encourage collaboration and communication. By selecting key furniture pieces that children associate with home, it provides a sense of familiarity that promotes confidence and well-being.

Inspired

In designing the range, we've drawn inspiration from both modern and traditional home furniture, to create a cohesive collection that has a distinctive style but coordinates beautifully with the Millhouse Signature range.

Calming

The curved design and soft-edged features create a calm and contemporary aesthetic that is further enhanced by the neutral colour palette of cream and maple.

Enriching

Millhouse Home from Home provides endless opportunities for learning through child and practitioner led role play scenarios, as well as providing an enriching environment to develop important language skills.

STEM Block Set

Our new STEM block set has been designed with a 1-2-4 ratio of blocks to meet the needs of those following a Froebelian approach to block play.

It enables children to explore the maths and science elements of block play and is great for understanding scale and ratio through play, developing mathematical language and introducing children to fractions.

Practitioners can easily teach the concept of part-part-whole with this newly configured set, which are the basics for understanding fractions.

The storage unit with its shadow shapes, allows children not only to access the blocks they need, but encourages discussion around shape and promotes independence when tidying away.

Cream base

Practical and functional in design, the Millhouse Practitioner Station provides a unique solution that delivers essential room storage. The full-scale size allows practitioners to store items out of reach and in a lockable cupboard – useful for medicine, which can be stored securely but accessed quickly by practitioners in an emergency.

To support modern-day learning, the unit also allows for simultaneous tablet storage and charging. The low-level storage cubbies are designed to be easily accessible for children and can be used with or without baskets to store resources.

Practitioner Station

- Designed to hold 5 tablets for charging, clipboards or files
- Lockable cupboard with 8 x A4 trays for storage
- Shelf for chargers and extension cable
- Worktop height allows for A4 box file storage
- Space for 3 small shallow baskets (sold separately)
- Delivered as two units for final assembly
- Coordinates with the Millhouse Signature range

Tub & Basket Storage

Tubs and baskets not only help organise resources but also add an extra element of versatility to storage units. Tubs are perfect for self-access and when you want resources to be visible, whilst baskets are ideal for helping to create a natural aesthetic within a setting. Many of our units are also available without tubs and baskets, so you can choose the option that best suits your needs.

Sweep & Corner Storage

Our sweep and corner storage solutions have been designed with a Montessori approach in mind. The open design makes them a practical feature piece that allows easy access from both sides and can be used as a room divide or to direct the flow within a room.

The top shelf of the units provides a large usable workspace for display or activities. Suitable for use with or without baskets for storage and display.

Millhouse tray storage units are made from a premium MDF core with clear lacquered edges. The flexible runners house different depths of trays to maximise storage options and allow units to be easily reconfigured. The back of each unit features a sound-absorbing loop nylon Velcro fabric that provides a more tactile surface for young children and can be used for display.

Wooden Tables

All Millhouse tables benefit from solid beech frames and maple melamine tops that are easy to clean and scratch-resistant. Our tables come with fixed height options and an adjustable leg option, both of which are made from solid wood.

For maximum versatility, the adjustable leg option has a steel frame that provides four height settings to accommodate children aged 1 to 6 years.

- Rounded corners and edges help prevent accidents
- All tables are BS EN 1729 compliant
- Delivered part-assembled (secure table legs using the Allen key supplied)
- Adjustable legs are available separately to convert existing Millhouse fixed leg tables to adjustable ones

Adventure Playhouse

The play and learning possibilities are endless with this extremely versatile playhouse. The structure is quickly and easily transformed to create different role play environments and there are plenty of areas where children can enjoy quiet play or create a cosy nook for reading and relaxation.

The Adventure Playhouse can be placed in the middle of the room to create an exciting focal point and it makes a great statement piece in any large room.

The robust structure is made from premium plywood cladding and is further supported by a tubular steel frame for supreme structural performance. The guard rails around the upper-level platform have safety plastic on the reverse.

The Adventure Playhouse is a large structure that requires ample space for access and play. Please make sure you have at least 2.9 metres ceiling height to accommodate the roof canopy.

Adventure Playhouse

- Open-ended learning and play structure
- Clear lacquered plywood cladding and staircases
- Stair treads and platform made from high-quality plywood with anti-slip top layer

STEM Block Set

LIFETIME GUARANTEE

Our new STEM block set has been designed with a 1-2-4 ratio of blocks to meet the needs of those following a Froebelian approach to block play.

3y+

It enables children to explore the maths and science elements of block play and is great for understanding scale and ratio through play, developing mathematical language and introducing children to fractions.

EASY ACCESS

Practitioners can easily teach the concept of part-part-whole with this newly configured set, which are the basics for understanding fractions.

EASY CLEAN

The storage unit with its shadow shapes, allows children not only to access the blocks they need, but encourages discussion around shape and promotes independence when tidying away.
