Outdoor furniture, signs, games & graphics

Welcome to the Inspirational Playgrounds Catalogue

At Inspirational Playgrounds, we're always looking at ways to enhance the school environment, to bring fun and vibrancy to the surroundings, whilst inspiring children to explore and learn.

All of our products are designed to be bright, colourful and engaging. We cover a wide range of subjects, such as numeracy, literacy, PSHE and in doing so, our aim is to support subjects taught in class, whilst enriching the playground environment. More and more, our products are being used indoors too, not only does the content prove useful for classroom teaching, but the robust, high quality nature of our products means that they are durable for years of trouble free use.

In addition to an enhanced selection of signs, games and graphics, our catalogue features some products from our other brands - Inspirational Nurseries and Inspirational Classrooms. You'll find a selection of sand and water play products for outdoor use, plus outdoor play panels, planters and mud kitchens, all of which are perfect for outdoor learning.

As always, all of our products are manufactured to the highest standards. Our signs, games and graphics are all made from plastic panels which are completely UV resistant and weather resistant (fixings included).

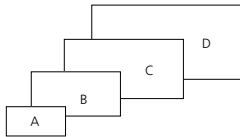

To view the full range of products from Inspirational Playgrounds and our other brands, visit our new website: www.inspirationalplaygrounds.co.uk. For special offers and up to date product information, sign up to our newsletter and we'll be sure to keep in touch.

Emotions

How Do You Feel Today?

Expression, understanding and an ability to communicate how you feel, plays an important part in learning. This is an excellent resource for encouraging children to do just that. Used as a discussion tool, this sign can be very effective at helping children to associate how they feel with one of the expressions on the sign.

Outdoor Waterwall

A fantastic outdoor learning resource, which allows children to explore and experiment with water. Made from high quality, durable, tanalised timber, the water wall also has heavy duty castors to make it easy to manoeuvre and store.

To use, fill the top reservoir with water and release the taps. As the water starts to flow down the wall, children can interact with and explore the many features. These include: taps, spinning water wheels, bamboo chutes and water containers. Once the water has reached the lower reservoir, the easy to use water pump transports the water back to the top reservoir. The reverse of the water wall features a large, colourful graphic which contains factual information relating to the weather and the water cycle.

Outdoor & Nature

Seasons

The changing seasons

These outdoor signs are a great, visual way, for children to identify changes in nature, weather and wildlife behaviour, which indicate that a new season is approaching. The traits of each season are explained on these eye catching signs and accompanied by images which children can associate with each season.

'Things to look out for' is available as one sign or four individual signs. The individual signs are perfect for classrooms displays.

NURSERY RHYME
Week
6th - 10th
November

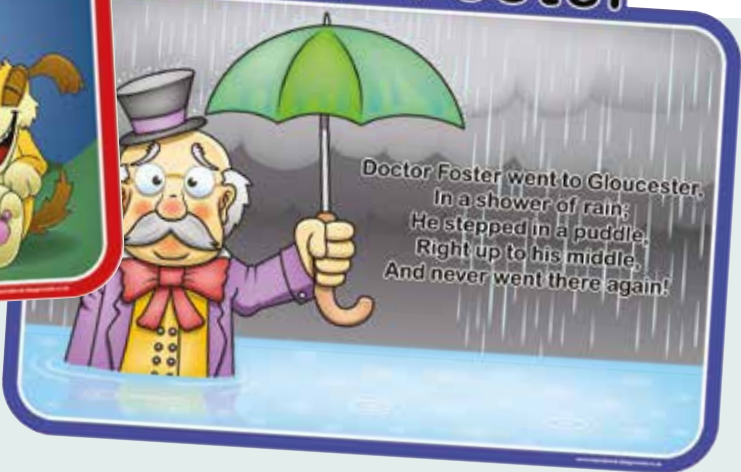

Hey Diddle Diddle

Hey diddle diddle,
The Cat and the fiddle,
The Cow jumped over the moon,
The little Dog laughed to see such fun,
And the Dish ran away with the Spoon

Perfect for
younger
children

Doctor Foster

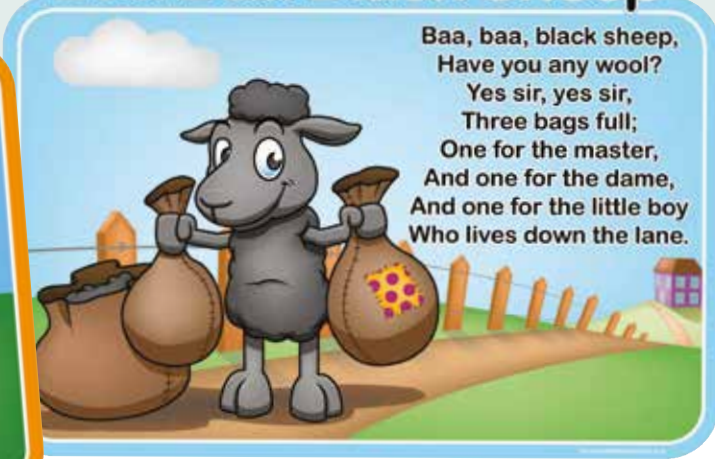

Doctor Foster went to Gloucester,
In a shower of rain;
He stepped in a puddle,
Right up to his middle,
And never went there again!

Little Miss Muffet

Little Miss Muffet
Sat on a tuffet,
Eating her curds and whey;
Along came a spider,
Who sat down beside her
And frightened Miss Muffet away!

Baa Baa Black Sheep

Baa, baa, black sheep,
Have you any wool?
Yes sir, yes sir,
Three bags full;
One for the master,
And one for the dame,
And one for the little boy
Who lives down the lane.

Did You Know.....

The tilt of the Earth's axis is the most important reason why seasons occur.

The Earth's movement around the sun causes the seasons.

When the Earth's axis points towards the Sun, it is summer for that hemisphere.
When the Earth's axis points away, winter can be expected.

Here is a poem to help you remember how many days are in each month!

Thirty days has September,
April, June and November;
All the rest have thirty-one,
Except February alone,
Which has twenty-eight days clear,
And twenty-nine in each leap year!

Chalkboards that make learning the time enjoyable

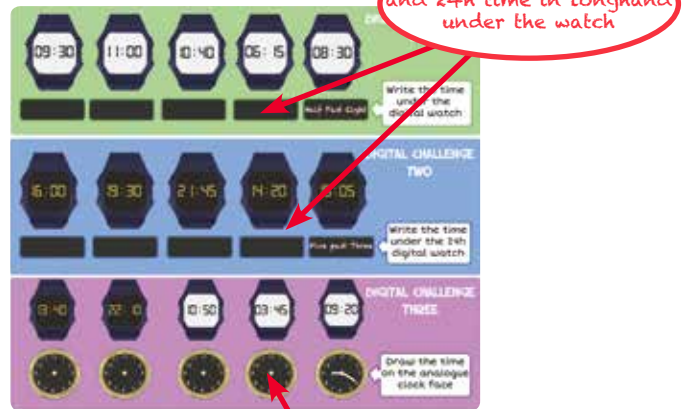

The complete chalkboard set consists of three parts including: telling the time clock face, digital time challenge and analogue time challenge.

Analogue –

1. Draw the hands to show the time.
2. Write the time shown on the watch.
3. Draw the hands and write the time.

Digital –

1. Write the time under the digital watch.
2. Write the time in 24hour clock.
3. Draw the time on the analogue clock from the time shown in digital.

The 'Telling the Time' clock face can be used in conjunction with the challenge boards or separately. Children can be given a time which they need to draw on the board, or teachers can draw a time which the children need to correctly write down.
